If you don't have a space for a garden but love growing your own fruits and vegetables, think about renting a garden plot at Munson Park!

Renters may plant as early as they would like. Tilling and general maintenance of the plot is up to each renter. Water is available at the site, but gardeners need to supply their own hoses, tools, plants, soil amendments and fertilizers. Munson Park is open 6 am until 10 pm, 7 days a week!
